

**PLATEX**

No. 1 Tray Manufacturer in France

# 2025 PRICE LIST FOOD SERVICE LINE

*Made in France, Made by Platex !*

PRICE LIST VALID AS OF JANUARY 1<sup>st</sup>, 2025

# BIO-BASED TRAYS

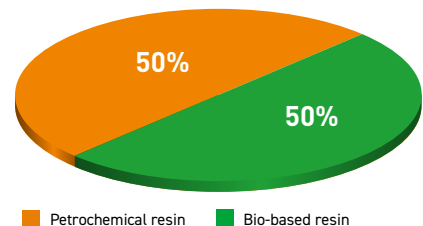

## POLLUTION AND ENVIRONMENTAL IMPACT

We currently  
have 50%  
of bio-based resin  
in our polyester

STANDARD PLATEX POLYESTER

"BIO-BASED" PLATEX POLYESTER

 Petrochemical resin  Bio-based resin

Using waste allows to commit to "zero culture": no water, no pesticide, no toxic substance, and no additional resource. In fact, the resources are used for the raw material, the "fruit" in the case of the beets.

No more petrochemical resin,  
now we use **A NATURAL RESIN!**

Download our complete documentation:

# NEW 2025

## PROFIL MAT 2

Attractive, ultra-resistant tray designed for "food service" sector. Available in black & white, it meets the needs of communities for design and durability.  
*(Page 09)*

**NEW**

## POLY-STR LIGHT

30% lighter than a POLY STR tray, this tray is a small revolution because it doesn't lose any technical features. It's 200g lighter and extremely strong!  
*(Page 11)*

**NEW**

3

## POLY-STYL BUBBLE DECOR

A new range of simple, consensual decor in 6 colors. Aesthetic and colorful, easy to coordinate with tableware, its sturdiness will do the rest.  
*(Page 12)*

**NEW**

# *We're not industry leaders by accident...!*

As a family business founded in 1950, PLATEX can be proud of its stability and longevity.

Our company is clearly embracing its era, driven by the enthusiasm of our employees and always challenging itself to satisfy our customers and their requirements and follow the developments of the catering industry.

All sectors trust us for their everyday needs: company, school and hospital canteens, fast food restaurants, hotels, caterers, restaurants and more.

Our human-scale industrial resources guarantee our flexibility and competitive edge. Our 3,000 references cater to all your requirements. If we don't have what you are looking for, bespoke, tailored and customized products are also options we can discuss together.

## Constant innovation

The world changes quickly. You either evolve or disappear!

Over the last 10 years, Platex has revamped professional trays saying goodbye to old-fashioned prints, standard shapes and decorations that have been around for twenty years! We firmly believe that trays must embrace their time. Let's break away from the dated image of the canteen to create a restaurant atmosphere! Tea trays, acrylic plates, melamine tableware, shaped polyester...Platex has reinvented it all.

Our commercial success was no accident.

Once again, this year we have tons of new products!

## French expertise

Working for professional customers and open to their ideas, PLATEX endeavors to promote its ranges around three key principles:

- Uncluttered design
- Premium quality
- Responsiveness of its operational teams.

## Our eco-responsible approach

We are empowered by our choices :

- Bio-Based Resin
- Certification: label NF T54-801
- Use of certified materials: FSC, Resy, etc.
- Preference for eco-responsible communication tools: paperless invoicing, PDF catalogs, etc.
- Raising customer awareness about recycling and sorting waste
- Buying our raw materials in France and Europe.

*Dear Customers,*

*This year, PLATEX presents 3 major novelties:*

**PROFIL MAT 2:** *A beautiful Black or White tray, resolutely design but without losing any technical characteristics.*

**POLY STR LIGHT:** *This tray is 30% lighter than a classic POLY STR tray!  
Pleasant for both users and staff.*

**POLY STYL BUBBLE DECOR:** *A complete renewal of the design with a simple, elegant and consensual pattern, available in 6 colors;*

*We always consider your requests and continue to develop new products to meet and anticipate the needs of the catering professions.*

*Thanks to you, Platex is N°1 in France and one of the two leaders in Europe.*

*Thanks for your business and support of French-Made products.*

Marc Warnod - President

POLYPROPYLENE TRAYS  
FAST FOOD, BARS

**This newly designed, non-slip tea tray has every advantage:**

- **Optimized weight:** neither too light (easy to hold), nor too heavy (to avoid tiring the waiter).
- **Exceptional non-slip:** undoubtedly its best feature, it adheres without sticking or trapping dust.
- **Easy to wash:** it has good stain resistance and is dishwasher safe.
- **One-piece production:** the non-slip surface is embedded in the mass and cannot come unstuck.
- **Excellent rigidity:** it doesn't bend or twist and is very rigid without being too heavy.
- **Unbreakable:** drop it, it bounces. This is another big advantage.

*Customization possible.

# HOW TO CHOOSE YOUR TRAY ?

Since the world of food service is very diverse, trays have to be suited to every need. A school cafeteria, a company canteen, a military base or a luxury hotel all have different needs.

## Always select the tray that's right for your specific use

If you're looking for...

	POLYESTER	LAMINATED	POLYPROPYLENE
... strength in a tray	✓		
... aesthetics		✓	
... a high turnover			✓

### WHY CHOOSE A POLYESTER TRAY?

- ▶ Trays systematically subjected to shocks.
- ▶ Tray subject to a lot of handling during clearing and cleaning.
- ▶ Use > than 1,000 times per year.
- ▶ Trays not washed within an hour of their use.
- ▶ Long term investment.
- ▶ Heavy use.
- ▶ Sets of 300 or more trays.
- ▶ Trays with the NF label.
- ▶ Quick drying.

### WHY CHOOSE A LAMINATED TRAY?

- ▶ Use < than 1,000 times per year.
- ▶ Trays not subjected to various sorts of handling during table clearing and cleaning.
- ▶ Dish washing line not equipped with a conveyor.
- ▶ Trays with the NF label.

### WHY CHOOSE A POLYPROPYLENE TRAY?

- ▶ Your budget allows regular replacement (24 months).
- ▶ You're looking for a light tray.
- ▶ Recommended for schools (nursery and/or primary) and special environments.

### WHAT QUANTITY OF TRAYS SHOULD YOU BUY?

- ▶ Taking into consideration:
  - peak periods,
  - losses or trays taken away from the canteen,
  - other uses (storage, transport, breakfast break, etc.)

**Commercial food service:** We recommend that you purchase twice the number of place settings.

**Institutional food service:** We recommend that you purchase at least 15% more than your number of place settings.

# HOW TO CHOOSE YOUR LAMINATED OR POLYPROPYLENE TRAY ?

A wide range of laminates for hospitals and polypropylene trays with standard or non-slip finishes.

# HOW TO TAKE CARE OF YOUR TRAY ?

To safeguard the long-term appearance of your polyester trays and avoid scratching on the rims, it is essential to stack the trays carefully to avoid impacts between the trays causing scuffing and scratches.

# THE LABEL TESTS

# Self-service trays

The NF T54801 «self-service trays» Label is the only Label that enables the user to differentiate between two trays that look similar.

## GENERAL TEST AT AMBIENT TEMPERATURE

<b>Appearance</b>	Checks for cosmetic defects
<b>Warping</b>	Guarantees flatness
<b>Convex curve</b>	Defines the built-in convexity of the tray
<b>Concavity</b>	Guarantees that the tray does not spin
<b>Abrasion</b>	Checks that the tray remains basically unaltered
<b>Fatigue resistance</b>	Tests the tray's resistance to bumps
<b>Rigidity</b>	Guarantees the rigidity of the tray

## HEAT RESISTANCE

<b>Warping</b>	Guarantees flatness
<b>Convex curve</b>	Guarantees that the tray has built-in convexity
<b>Concavity</b>	Guarantees that the tray does not spin

## RESISTANCE TO DETERGENTS TEST

<b>Products A &amp; B</b>	Checks the resistance of the tray in boiling water
<b>Color index</b>	Checks that there is no discoloration
<b>Loss of hardness</b>	Checks that the tray does not lose much if any of its surface hardness
<b>Concavity</b>	Checks that staining products can be washed off and do not alter the surface

### IMPORTANT

Few companies have the NFT54801 Label, but PLATEX does. Always demand the official certificate. Claims such as "compatible with", "compliant with" or "equivalent to" the NFT54801 Label do not mean a company actually has it!

The LNE physically inspects our factory and takes samples of trays that are then tested in their laboratory. In case of a dispute, the customer may refer the matter directly to the LNE, an additional guarantee for the user in case of dispute.

## USING & CARING

### FOR YOUR TRAYS

Instructions for using and caring for your trays. These documents are included in every box. It is imperative to read them before choosing and using your tray.

	No direct contact with heat or flame		-30 °C to +120 °C.

# GENERAL TERMS AND CONDITIONS OF SALE

**Art. 1 - General:** By placing an order, the buyer accepts our general terms of sale.

These terms take precedence over any customer documents and correspondence unless we authorize an exception in writing.

**Art. 2 - Form of the Contract:** Every order accepted becomes final and irreversible and may not be canceled or modified without the seller's approval. Merchandise may, on an exceptional basis, be partially or totally exchanged if the products ordered are new, still in their original packaging, are not specific and if the quantity in question can be resold by the Platex company within a reasonable period of time. The decision is entirely up to the Platex company. A one-time deduction of 20% will be applied, with the customer being solely responsible for shipping costs. Any exchange will only be authorized following a piece by piece verification of the products returned.

**Art. 3 - Delivery/Shipping:** Delivery times are only given for the purpose of illustration. Merchandise is sold ex-factory and is shipped at the buyer's risk from the moment it leaves our warehouses, regardless of the means of shipping or delivery used. Any request for express shipping will be charged to the addressee. Any order shipped "prepaid" may not be delivered in several parts; should this prove to be necessary, there will be an additional shipping and handling charge.

**Art. 4 - Guarantees:** Merchandise delivered in compliance with the buyer's order may not be refused or exchanged. Reserves for damaged, missing or non-compliant pieces must be issued by the recipient within 48 hours following receipt of the goods. Any returns must have prior authorization from the seller. No return shall be accepted without prior authorization. Any merchandise we verify as defective shall be replaced at our cost. By agreement, we are solely liable for replacing the defective pieces. In particular, we may not be held liable for any other claims of any nature. Any use of our products not in compliance with our specifications shall result in cancellation of the guarantees.

**Art. 5 - Ownership Retention Clause:** The seller shall retain ownership of the goods sold until complete payment is made of the full price, including any additional costs. In the case of payment by installments, failure to pay one installment may result in a claim for return of the goods. These provisions shall not exempt the buyer from liability, upon delivery, for all risks of loss or deterioration of the goods sold, as well as for any damage claims that they may engender.

**Art. 6 - Price and Penalties:** In the event of late payment, the amounts due are subject to interest at the legal rate (ECB+10 points), without prior formal notice and by operation of law, and a fixed compensation payment of 40 Euros for the cost of recovery pursuant to Articles L441-3 and L441-6 of the French Commercial Code. Failure to make timely payment of an amount due (total or partial) shall immediately render payable and without formal notice any other amounts due or to come due, and shall authorize us to cancel the delivery of any merchandise for which full payment has not been made or is due to be made at a later date. Restitution of said merchandise, to be made at the buyer's cost and risk, is not tantamount to cancellation of the sale. In the event of default on payment for our wares by the set date and intervention by our Claims Department, the seller may claim as damages and under the penalty clause compensation equal to 15% of the amounts owed, in addition to the legal interest and any eventual legal costs. These sums shall not be less than € 100, exclusive of taxes.

**Art. 7 - Terms of Payment:** Any bill for an amount less than three hundred Euros shall be payable upon receipt. Unless subject to special agreement, or unless specific terms are mentioned on the invoice, our invoices shall be paid by bank transfer 30 days from the date of invoice of the goods. Any customer not insured by our credit insurer must absolutely pay in advance based on a pro forma invoice.

Merchandise will only be manufactured once the entire amount of the pro forma invoice has been received.

Any payment deferred or altered shall be subject to bank charges and processing fees.

**Art. 8 - Clause Granting Jurisdiction:** ANY LITIGATION RELATED TO THE PRESENT SALE, EVEN IN THE CASE OF THIRD PARTY APPEALS OR MULTIPLE RESPONDENTS, SHALL BE SUBJECT TO THE JURISDICTION OF THE NANTERRE TRADE COURT.

## SALES TERMS

**MINIMUM ORDER: 1 BOX**

*(See packaging, partial boxes not possible)*

**MINIMUM ORDER AMOUNT: € 200 excl. tax**

### SHIPPING

**Ex-factory price.** Metropolitan France Prepaid

Starting from € 950 net (excl. tax)

**Shipping charges in Metropolitan France:**

€40 for orders under €950, Free for orders €950 and over.

All items are shipped at the recipient's risk.

Prices not mentioned in our rates granted for large quantities are

valid for one, single delivery at one location in mainland France.

Partial deliveries, time-phasing, several deliveries to several

locations, are the client's sole responsibility.

### DELIVERY TIMES

Delivery times are given in calendar days and purely for the purpose of illustration. Any request for a shorter delivery time shall result in additional 5 to 20% charges. We reserve the right to cancel an order if the client requests shorter delivery times after placing the order and refuses to pay the additional charges

### PAYMENT

**Payment:** bank transfer at 30 days net (subject to credit insurance agreement) or in cash. Any invoice for less than € 300 including taxes shall be paid by bank transfer within 8 days.

### TRAY LOANS

In the event of an urgent need or last-minute order, we have a tray loaning service for orders over 500 pieces. Ask our sales department.

**AVOID MISTAKES, ORDER WITH OUR REFERENCES**

**REMEMBER TO MENTION COLORS**
